

100 sq meter object is located on a 356 sq meter lot. The shape of the object is dictated by the wall that surrounds the lot. It consists of canteen and school library. The entrance to the canteen is oriented north-west. Three steps lead to the canteen entrance. Entrance in the library is located on the south-west of the object. In front of the library are three steps that wrap around the object on the south-east, ment for seating and facing school yard.
