

The SCHOOL

Built in **VIEW-POINT** in front of an undulating landscape
It's the center of the dense and collected village.

This place, **BASE** of knowledge
PLACE of a fertility **CROSSED**

between the **ANCESTRAL** history of culture **BOUYEI**
and of a world in **BECOMING**

the **FORCE** of the ancestors and spirits
combined with the fertile and generous land Gave

sufficiently solid **ROOTS**
to accompanied the young generations
into the
XXI eme century.

The roots will fix the
TREE of KNOWLEDGE
and will allow him
Between

patrimonial, cultural **WEALTH** and **TEACHING**
GROWING.

The **TRUNK** symbolize **EDUCATION.**

Our choice is to preserve the existing building
incipient Trunk, bases of **KNOWLEDGE**, it will carry in
its centre the **LIBRARY** and the **CANTEEN**

the **TRUNK** will be strengthened and continued to grow.
Thanks to the education, given by the
TEACHERS it will increase in thickness
over the years and to build

BRANCHES signs of **MATURITY**

Strong and solid ready to face the future.
They Are materialized in the project by the construction of
suspended platforms entertaining spaces
initially which will make it possible the branches to expose its

FOLIAGE signs of **MULTIPLE** agility

it will be able to accommodate in the course of time
Supplementary programs (academy, drawing, singing...)
There is no tree, if there are no

FRUITS

CREATION, the **INNOVATION**, the **FUTURE**, the **CHILDREN**
