

FOOD AND BOOKS FOR THE HUNGRY SOUL

# THE TWO PARADISE

*"One never forgets 'The Two Paradise' of School-  
The Canteen that Feeds ones body and,  
The Library that feeds your intellect."*

In the culturally rich mountains of the Puan City, China, the LiangMeng School Complex sits atop overlooking the large vegetation of the town.

Given its hot subtropical climate, our aim was to prioritize "*Comfort*" above all, so that the paradises be truly immortalized in the minds of its users, in particular - the children.
