Great place for new TRUMP TOWER. The best thing that ever happened to Svalbard - a very good investment and no illegal immigrations!! Place with fantastic development opportunities, huge coal occurs and nobody cares about it!? MAKE SVALBARD GREAT AGAIN...

A black day for the demonstrators of #keepthevault - the facility has partially been flooded and is in urgent need of repairs! Thousands of seed samples have already been lost...#climatechangeisreal #savetheseeds

Coming back to this wonderful place...things changed here really much, but still one of the best hotels in the world. I've seen a lot :D Due to the disappearance of ice the cruise ship #loveit could go directly from New York. So awesome.

Update: Floors 23-35 had to be evacuated - disintegrating fundament might cause collapse - leakage of coolant could not be contained - Trump Tower relocating to Simbabwe...
